

VEGA INSTITUTE

CONNECTING... ACADEMIA & INDUSTRY

CORPORATE PROFILE

Quatre Bornes, Mauritius · Prepared for Strategic & Training Partners

Connecting academia and industry.

VEGA Institute is an IT certification, cloud, cybersecurity, and management-diploma training provider based in Quatre Bornes, Mauritius. We deliver partner-accredited, MQA-approved training that connects learners directly to the skills employers are actively hiring for — from entry-level career starters to experienced professionals pursuing executive-level certification.

- **Our approach**

Career Start-Up, Career-Upgrade, Tailor-Made corporate training, and a full academic diploma pathway — under one institute.

- **Our credentials**

Certifications from CompTIA, Cisco, Oracle, AWS, ISACA, (ISC)², PMI and PeopleCert, plus ABE academic diplomas.

- **Our reach**

Operating from Mauritius, with hubs extending to Dubai and a developing joint venture in the United States.

OUR VISION

“We aim to identify future professional opportunities, build new-age skilling programmes, and engage the youth to build their future.”

— VEGA INSTITUTE

LEADERSHIP

Guided by a clear mission.

Parvatee (Veena) Ramsoonder

DIRECTOR, VEGA INSTITUTE

Leading VEGA Institute's mission to connect academia and industry — building accredited training pathways that turn Mauritius's growing demand for digital skills into real career and business outcomes.

HOW WE WORK

The Vega Pathway.

Every learner follows the same trail, whichever stage of the digital career journey they're starting from.

WHAT WE DO

Six ways we work with learners & organisations.

Career Start-Up Training

Foundational skills, mentoring and guidance to launch a professional journey with confidence.

Career-Upgrade Training

Expert-led courses and certifications that move an existing career forward.

Tailor-Made Training

Programmes developed to address specific skill gaps and business objectives.

Apps Development Services

Custom, user-friendly mobile and web applications built to meet organisational goals.

Cybersecurity Services

Proactive, expert-driven cybersecurity strategies that minimise risk and prevent breaches.

IT Infrastructure Services

Designing, deploying and managing secure, scalable systems that support future growth.

PROFESSIONAL CERTIFICATION

Industry-demand certification training.

Deepen expertise in a specialised area or pick up in-demand industry skills.

AI & Cloud

CompTIA AI Fundamentals · OCI 2024 Generative AI · AWS Cloud Practitioner · AWS DevOps Engineer — Professional · CompTIA Cloud+

Cyber Security

CompTIA Cybersecurity Analyst (CySA+) · CompTIA A+ Cyber

Networking

Switching, Routing & Wireless Essentials (Cisco CCNA pathway)

Database

Oracle Database Administration 2019 Certified Professional

ACADEMIC PROGRAMME

Your path to degree programmes.

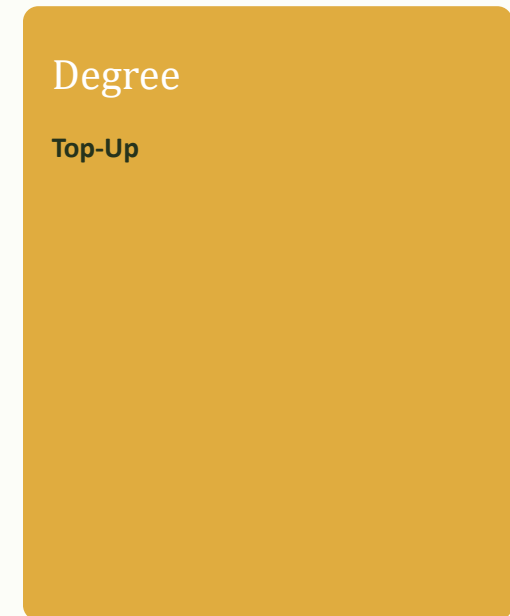

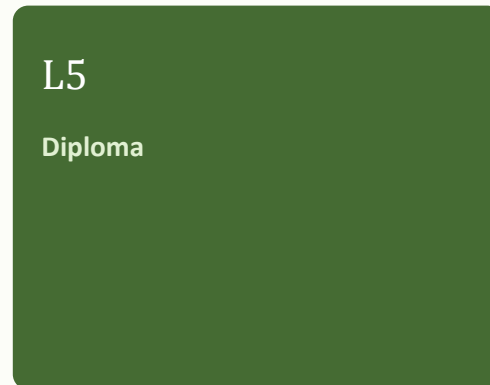

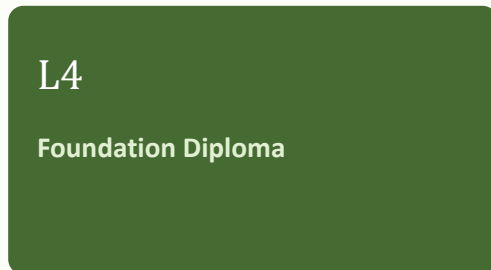

ABE (Association of Business Executives) Diplomas provide a strong academic and practical foundation for students progressing toward internationally recognised degrees.

Core business concepts and study skills for learners entering higher education.

Deepens understanding of management practice and strategic thinking.

Leadership focus and direct entry into the final year of a bachelor's degree.

Direct entry to the final year of a bachelor's degree at partner universities.

ACCREDITED LEARNING PARTNERS

Backed by globally recognised bodies.

ABE

Association of Business Executives — academic diploma pathway

Oracle

Database, cloud & generative AI certification

EC-Council

Cybersecurity & ethical hacking credentials

PECB

Governance, risk & compliance certification

Microsoft

Microsoft Partner Network

CompTIA

Foundational & advanced IT certification

Training built for outcomes, not attendance.

A Ready Talent Pipeline

Graduates trained on the exact certifications your teams already hire for — Cloud, Cyber, Networking, AI and management.

Accredited & MQA-Approved

Partner-accredited certification training plus MQA-approved academic diplomas — credentials employers already trust.

Tailor-Made, ROI-Focused

Corporate programmes built around your organisation's specific skills gaps, not a generic course catalogue.

Global Reach, Local Roots

A Mauritius home base with hubs extending to Dubai and a developing US joint venture.

THE OPPORTUNITY

34,500+

professionals employed across Mauritius's ICT/BPO sector

16,000

new technology jobs targeted by 2030 under the Digital Mauritius 2030 plan — a widening skills gap VEGA Institute exists to close.

GLOBAL PRESENCE

Rooted in Mauritius, reaching further.

Mauritius

HEADQUARTERS

Principal training centre in Quatre Bornes — the base for our full certification, corporate, and academic diploma catalogue.

Dubai

REGIONAL HUB

Extending Vega's training model into the Gulf region's fast-growing technology and finance markets.

United States

JOINT VENTURE (DEVELOPING)

A developing joint venture supporting global partnerships and programme development.

Let's build the future of talent, together.

We welcome conversations with corporate partners, academic institutions, and organisations building their next generation of talent.
